*costs less!*

Hot Mix Asphalt ...  
*is smoother and less noisy!*

Hot Mix Asphalt ...  
*creates less construction delay!*

Hot Mix Asphalt ...  
*is easier to maintain!*

## The Best Buy is **Hot Mix Asphalt** All the Time!

Hot Mix Asphalt (HMA) pavement is being used for a majority of applications across the country as a cost effective material for new construction, resurface and rehabilitation of pavements. With new mixture design technologies and improved quality control and construction practices, the service life of HMA pavement is the better pavement. As a result, the low cost and rapid construction of HMA pavement, combined with more durable, quiet, and rut resisting characteristics of HMA pavement provides lower life cycle costs.

**HOT MIX ASPHALT PAVEMENTS:** *A long term construction solution for Minnesota.*
